- 05.06.26 Klaus Club, Zürich

FevZee is a Berlin-based techno DJ and the visionary force behind Techno Türken, a movement dedicated to reshaping the underground soundscape with cultural edge and raw energy. FevZee brings a bold, boundary pushing presence to Berlin's club circuit, crafting sets that blend hypnotic pressure, relentless groove, and moments of pure release.

Rooted in the DIY ethos of underground rave culture, he has become a key figure in organizing immersive events across Berlin, building a reputation for curating nights where intensity meets intention. From dimly lit basements to massive open-air stages, FevZee's versatility has taken him far beyond the club, with standout performances at iconic gatherings like Love Parade and Karneval der Kulturen, where he moved over 7000 bodies at once. Whether commanding a dark warehouse or a sprawling festival street stage, he doesn't just play tracks he ignites movement.
