LEDION, from Ferizaj, Kosovo, is a rising DJ and producer focused on minimal and dubby house. At just 18 years old, he has begun establishing a distinctive sound marked by deep grooves, hypnotic atmospheres, and carefully curated sonic textures.

His discography, including Ekzistenc, Everything, and Potoo, demonstrates his growing production skills and commitment to crafting a cohesive, immersive sound. Complementing his original releases, his Art of Minimalism mix series highlights his DJing prowess, seamlessly blending underground tracks into hypnotic, one-hour sets that captivate audiences and showcase his unique taste.
